

THERE'S SOMETHING FOR EVERYBODY
Choose the Transitions® everyday lenses that fit your life.

Try Transitions® Drivewear® adaptive sunglass lenses for a **superior driving experience.**

**Transitions®
Signature®**

Fully clear indoors. Just the right amount of tint outdoors.

- More responsive to light in more situations
- Begin to darken as soon as you step outdoors
- Fastest fade back to clear indoors

**Transitions®
XTRActive®**

Extra protection from light outdoors, indoors, and even in the car.

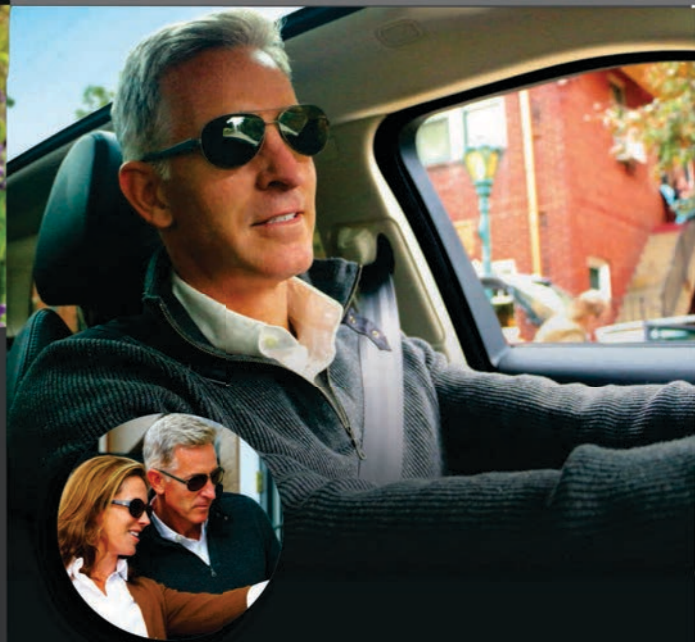

- Designed to be extra dark in the brightest sunlight and hottest conditions
- Hint of tint indoors protects from harsh lighting
- Darken behind the windshield to protect eyes from sunlight while driving

**Transitions®
Vantage®**

Crisper, sharper vision outdoors, even in the brightest glare.

- The only lens with variable polarization that adjusts to match the level of outdoor glare
- They adapt to changing light outdoors and polarize as they darken
- Hint of tint indoors

**Transitions®
DRIVEWEAR®**

- Polarized sun lenses that reduce glare and optimize color contrast
- Color and darkness automatically adjust to changing light and weather conditions behind the windshield and outdoors
- Ideal for both driving and outside wear during the day

Ideal if you:

- Move from indoors to outdoors throughout the day
- Desire outdoor comfort but only with full clarity indoors
- Seek the latest style trends

Ideal if you:

- Spend more time outdoors and in the car
- Desire extra protection due to light sensitivity or are especially concerned about eye health
- Seek products with more functionality to protect eyes

Ideal if you:

- Spend more time outdoors, especially near snow or water, and want lenses for outdoor activities
- Desire more vibrant and vivid visual experiences
- Seek to try new innovations
